

**GREGGORY J. DILAURI, DDS
HOWARD G. LASHEN, DMD
GENERAL DENTISTRY**

“The culture of our practice is unique,” Dr. DiLauri says. “We share the dental process with our patients, rather than delivering dentistry to them.” Dr Lashen says, “We take time to educate all of our patients about their treatment options so they can decide which is best for them.” The practice focuses on restorative, aesthetic, and preventative dentistry, often solving problems presented by complicated cases.

Dr. Lashen is an alumnus of UMDNJ and the prestigious Pankey Institute, where he has been a mentor for matriculating students. Dr. DiLauri is an alumnus of Marquette University and the Pankey Institute, where he is a visiting faculty member. He is a mentor at Mountainside Hospital and was named Attending Doctor of the Year there four times. Both doctors have been voted Top Dentists previously.

Dr. Lashen sums it up best when he says, “We are passionate about helping our patients make healthy choices.”
